

Annex 6

Security

Site security and site safety

It is the responsibility of the lead practitioner / registered person / responsible person / proprietor to ensure that the setting's site and its building are safe. These arrangements will vary from setting to setting depending on the nature of the site.

We expect the setting to:

- carry out a thorough risk assessment of the setting site, for example taking account of site security, public rights of way, traffic management arrangements and the condition of all buildings
- make appropriate arrangements to manage those risks appropriately
- tell their employees about the risks and measures to be taken to manage the risks
- ensure that adequate training is given to employees on health and safety matters
