

Inspection outcomes of education providers in Wales

The phrase 'Pre-release access' refers to the practice whereby official statistics in their final form are made available to an eligible person in advance of their publication. The rules and principles that govern pre-release access are features within the Pre-Release Access to Official Statistics (Wales) Order 2009.

Data contained in the statistical release has been used by Estyn for operational purposes and as such has been available to some Estyn employees.

A number of Estyn employees, such as the Stakeholder Engagement team, have been involved with the preparation and design of the release.
