Dear Grant Santos

Re: ISA Training

Providers requiring Estyn review following core inspection

On 28 June 2021, Mark Evans HMI chaired an Estyn review improvement conference for ISA Training.

The purpose of the improvement conference was to review the progress ISA Training has made in addressing the recommendations identified by the core inspection. The conference focused on the impact of strategies, plans and actions to address shortcomings identified in the recommendations.

During the conference, the provider demonstrated that they have a clear commitment to addressing the issues that were raised in the core inspection and have made sufficient progress in respect of the key issues for action. Importantly, ISA Training has further strengthened its quality assurance practices.

Taking into consideration all the above, we judge ISA Training to have made sufficient progress in addressing the recommendations from the core inspection. We will now remove the provider from the list of providers requiring Estyn review.

Yours sincerely

Jackie Gapper
Assistant Director
