Dear Kelly

**Re: People Plus Wales**

**Providers requiring Estyn review following core inspection**

On 29 June 2021, Sandra Barnard HMI chaired an Estyn review improvement conference for People Plus Wales.

The purpose of the improvement conference was to review the progress People Plus Wales has made in addressing the recommendations identified by the core inspection. The conference focused on the impact of strategies, plans and actions to address shortcomings identified in the recommendations.

During the conference, the provider demonstrated that they have a clear commitment to addressing the issues that were raised in the core inspection and have made sufficient progress in respect of the key issues for action.

Taking into consideration all the above, we judge People Plus Wales to have made sufficient progress in addressing the recommendations from the core inspection. We will now remove the provider from the list of providers requiring Estyn review.

Yours sincerely
