## About Sporting Chance

Sporting Chance Newport opened in summer 2021 as an independent special day school for pupils with social, emotional and behavioural difficulties. The school is located close to the centre of the city of Newport and administered by Sporting Chance Newport, a community interest company.

The school is registered for up to 12 pupils aged eleven to sixteen years. There are currently 10 pupils at the school, most of whom have a statement of special educational needs. A few pupils are looked after by local authorities in Wales.

The head of education has been in post since September 2021, They are supported by a head of sport, head of wellbeing, a class tutor and team of teaching and learning assistants.

## Main findings

### Strengths

Since the school was established, senior leaders and staff have been successful in creating a warm, nurturing environment, which most pupils respond to well. This supportive environment is starting to help pupils, particularly those previously hard to engage in education, to develop more positive attitudes about themselves and others.

In lessons observed and wider activities around the school, most pupils behave well, show interest in their learning and foster positive working relationships with their peers and staff. They know and understand classroom routines well and generally settle quickly to tasks to maximise their learning. As a result, in relation to their starting points, many pupils are beginning to build greater confidence in their abilities.

The proprietor and senior leaders have strengthened the school's management structures. Heads of education and wellbeing have been appointed to drive improvements in the quality of provision, and a school management board to oversee all aspects of the school's work. Working together with senior leaders, the management board is beginning to set out clearer strategic goals and identify short-term and medium-term priorities for the school.
